### EXPENSES AND ASSESSMENTS

#### § 989.79 Expenses.

The committee is authorized to incur such expenses (other than those specified in § 989.82) as the Secretary finds are reasonable and likely to be incurred by it during each crop year, for the maintenance and functioning of the committee and for such purposes as he may, pursuant to this subpart, determine to be appropriate. The funds to cover such expenses shall be obtained levying assessments as provided in § 989.80. The committee shall file with the Secretary for each crop year a proposed budget of these expenses and a proposal as to the assessment rate to be fixed pursuant to § 989.80, together with a report thereon. Such filing shall be not later than October 5 of the crop year, but this date may be extended by the committee not more than 5 days if warranted by a late crop. Also it shall file at the same time a proposed budget of the expenses likely to be incurred during the crop year in connection with reserve raisins held for the account of the committee, exclusive of the receiving, storing, fumigating, and

handling expenses which are covered by a schedule of payments to handlers effective pursuant to § 989.66(f) or any rules and procedures established by the committee, and exclusive of any expenses it may incur in connection with the disposition of such raisins and which are unknown at the time. The said report shall also cover this proposed budget.

#### § 989.80 Assessments.

(a) Each handler shall, with respect to free tonnage acquired by him, and any reserve tonnage released or sold to him for use in free tonnage outlets, pay to the committee, upon demand, his pro rata share of the expenses (exclusive of expenses for receiving, fumigating, handling, holding or disposing of reserve pool tonnage) which the Secretary finds will be incurred, as aforesaid, by the committee during each crop year less any amounts credited pursuant to § 989.53. Such handler's pro rata share of such expenses shall be equal to the ratio between the total free tonnage acquired by such handler plus any reserve tonnage released or sold to him for use as free tonnage, during the applicable crop year and the total free tonnage acquired by all handlers plus all reserve tonnage released or sold to all handlers for use as free tonnage, during the same crop year: *Provided*, That (1) in computing the total free tonnage acquired by a particular handler, there shall be excluded all standard raisins (recovered by the reconditioning of offgrade raisins) acquired by the handler and which comprise the assessable portion of another handler pursuant to paragraph (b) of this section, and (2) the computation of the total free tonnage acquired by all handlers shall not be similarly reduced.

(b) Each handler who reconditions offgrade raisins but does not acquire the standard raisins recovered therefrom shall, with respect to his assessable portion of all such standard raisins, pay to the committee, upon demand, his pro rata share of the expenses which the Secretary finds will be incurred by the committee each crop year. Such handler's pro rata

share of such expenses shall be equal to the ratio between the handler's assessable portion (which shall be a quantity equal to the free tonnage portions of such handler's standard raisins which are acquired by some other handler or handlers) during the applicable crop year and the total free tonnage acquired by all handlers, plus all reserve tonnage released or sold to all handlers for use as free tonnage, during the same crop year.

(c) During any crop year or any portion of a crop year for which volume percentages are not effective for a varietal type, all standard raisins of that varietal type acquired by handlers during such period shall be free tonnage for purposes of levying assessments pursuant to this section. The Secretary shall fix the rate of assessment to be paid by all handlers on the basis of a specified rate per ton. At any time during or after a crop year, the Secretary may increase the rate of assessment to obtain sufficient funds to cover any later finding by the Secretary relative to the expenses of the committee. Each handler shall pay such additional assessment to the committee upon demand. In order to provide funds to carry out the functions of the committee, the committee may accept advance payments from any handler to be credited toward such assessments as may be levied pursuant to this section against such handler during the crop year. The payment of assessments for the maintenance and functioning of the committee, and for such purposes as the Secretary may pursuant to this subpart determine to be appropriate, may be required under this part throughout the period it is in effect, irrespective of whether particular provisions thereof are suspended or become inoperative.

(d) Each handler shall, with respect to administrative assessments not paid within 30 calendar days of the date of the Committee's invoice, pay to the Committee interest on the unpaid assessment at the rate of the prime rate established by the bank in which the Committee has its administrative assessment funds deposited, on the day that the administrative assessment becomes delinquent plus 2 percent; and further, that such rate of interest be

added to the bill monthly until the delinquent handler's assessment plus applicable interest has been paid: *Provided*, That the Committee may, with the approval of the Secretary, modify the interest rate applicable to delinquent handler's assessment through the establishment of applicable rules and regulations.

### § 989.81 Accounting.

(a) If, at the end of the crop year, the assessments collected for such crop year exceed the expenses incurred with respect to such crop year, each handler's share of such excess shall be credited to him against, and may be used for, the operations of the following crop year, unless such handler demands payment thereof, in which case his share shall be paid to him.

(b) The committee may, with the approval of the Secretary, maintain in its own name or in the name of its members, a suit against any handler for the collection of such handler's pro rata share of the expenses.

### § 989.82 Expenses of reserve raisin operations.

The committee is authorized to incur such expenses as are reasonable and are necessary in discharging its obligations, pursuant to this part, with respect to the receiving, fumigating, handling, holding, or disposing of any quantity of reserve pool raisins held for the account of the committee. The committee is authorized to pay any taxes assessed against raisins held by or for the account of the committee on March 1, or such assessment date as later changed and then in effect, in the reserve pool established pursuant to this subpart: *Provided*, That any equity holder may pay his taxes upon giving notice to the committee on or before May 1 of each year of his intention to do so. All pool expenses shall be deducted from the proceeds obtained by the committee from the sale or other disposal of such reserve raisins held for the account of the committee.
